

# The Best Trends From The 90s That Are Coming Back In 2019

**By: Savannah Miller**

Have you ever noticed that certain types of clothing or trends that used to be popular in the 90s. Many people believe that they are coming back. Some people are wearing the clothes themselves.

What a typical leather jacket looks like from the 90s.

Starting with the leather jackets. It's has definitely started to make a comeback! People around schools are wearing them a lot more too.

When the hit series TV show Riverdale started and people were wearing leather jackets there were also

the "South Side Serpent" jackets.

What a typical jean sort looks like today, aka a denim skirt.

Another item of clothing that is making a comeback from the 90s, is the denim skirts. As the weather gets warmer and warmer and students are wearing shorts and skirts; there are a lot more denim skirts then there are regular jean shorts.

What are some clothing items, or different trends that you notice coming back from the 90s? If you think about it, you may be dressing the way you did when your parents were our age. Maybe this could be a good thing and maybe this is something a lot of people don't like.
